NOTIFICATION OF NON-COMPLIANCE WITH THE REQUIREMENTS OF 37 CFR

1.192(c)

1. The appellant's brief does not include a statement regarding the grouping of claims that stand or fall together. See 37 CFR 1.192(c)(7), which is stated below.

37 CFR 1.192

Appellant's brief.

(a) Appellant shall, within 2 months from the date of the notice of appeal under § 1.191 or within the time allowed for response to the action appealed from, if such time is later, file a brief in triplicate. The brief must be accompanied by the requisite fee set forth in § 1.17(f) and must set forth the authorities and arguments on which appellant will rely to maintain the appeal. Any arguments or authorities not included in the brief will be refused consideration by the Board of Patent Appeals and Interferences, unless good cause is shown.

(b) On failure to file the brief, accompanied by the requisite fee, within the time allowed, the appeal shall stand dismissed.

(c) The brief shall contain the following items under appropriate headings and in the order indicated below unless the brief is filed by an applicant who is not represented by a registered practitioner:

(1) Real party in interest. A statement identifying the real party in interest, if the party named in the caption of the brief is not the real party in interest.

(2) Related appeals and interferences. A statement identifying by number and filing date all other appeals or interferences known to appellant, the appellant's legal representative, or assignee which will directly affect or be directly affected by or have a bearing on the Board's decision in the pending appeal.

(3) Status of claims. A statement of the status of all the claims, pending or canceled, and identifying the claims appealed.

(4) Status of amendments. A statement of the status of any amendment filed subsequent to final rejection.

(5) Summary of invention. A concise explanation of the invention defined in the claims involved in the appeal, which shall refer to the specification by page and line number, and to the drawing, if any, by reference characters.

(6) Issues. A concise statement of the issues presented for review.

(7) Grouping of claims. For each ground of rejection which appellant contests and which applies to a group of two or more claims, the Board shall select a single claim from the group and shall decide the appeal as to the ground of rejection on the basis of that claim alone unless a statement is included that the claims of the group do not stand or fall together and, in the argument under paragraph (c)(8) of this section, appellant explains why the claims of the group are believed to be separately patentable. Merely pointing out differences in what the claims cover is not an argument as to why the claims are separately patentable.

(8) Argument. The contentions of appellant with respect to each of the issues presented for review in paragraph (c)(6) of this section, and the basis therefor, with citations of the authorities, statutes, and parts of the record relied on. Each issue should be treated under a separate heading.

2. Appellant is required to comply with provisions of 37 CFR 1.192(c).

To avoid dismissal of the appeal, Appellant must comply with the provisions of 37 CFR 1.192(c) within the longest of any of the following TIME PERIODS: (1) ONE MONTH or THIRTY DAYS, whichever is longer, from the mailing of this communication;

Art Unit: 3671

(2) within the time period for reply to the action from which appeal has been taken; or

(3) within two months from the date of the notice of appeal under 37 CFR 1.191.

Extensions of these time periods may be granted under 37 CFR 1.136.
